EDUC 1300 “Best Start” Faculty Resources
Community Group in Angel

This Community Group in Angel contains all the QEP Modules and a multitude of faculty resources for the EDUC 1300 course. I will post any updates to the QEP Working Model on this site. Please send me any syllabi, activities or handouts that you would like to share and I will post them on the site. I will have a folder for each campus. I would like to be able to post each campus’s Syllabus Template and Master Calendar. Please e-mail these to me if you would like to have them posted.
