Campus News

You who still live in the vicinity of Tomball College know that we have a new library that we share with the Tomball Branch of the Harris County Library.

The library is shared on both floors. The youth reading room is on the second floor, and the computers on the second floor are open to the public.

We now have a new bookstore that is located a few steps away from the library.

The area that the ‘old’ bookstore vacated has been updated to add seating for the Campus Café.

A Student Activity Room is situated in the North Wing where the Dance Studio was located.

Our Commons Area has been redecorated to complete the improvements.

Dr. Hawkins and Dr. Robert Jones check their blood pressure.

The computers are all high-tech and the atmosphere is one of total relaxation.

The library boasts a Cyber Café that serves “Starbucks” coffee.

There is a children’s area where you can bring your youngest booklovers. Story time is available on a fixed schedule.

Outside are lovely fountains and welcoming tables with umbrellas for enjoying our cool fall weather!
