Taking standardized tests can be intimidating and stressful, but they don’t have to be. Lone Star College helps students prepare by offering test preparation classes, which include instruction in subjects such as reading, writing and math. Students will leave with a better understanding of the testing format and subject material in which they will be tested.

In addition, students can also take the ACT, SAT, THEA, COMPASS, ACCUPLACER, GED, and other college-entrance or placement exams at a Lone Star College campus or center.

Why choose Lone Star College?

• **It’s convenient.** You can take courses on campus or online. With six state-of-the-art campuses throughout the Houston region, LSC is close to home and there’s an open door near you.

• **It’s affordable.** Lone Star College tuition is much less than the cost of attending one year at a 4-year college.

• **It prepares you for a well-paying career, not just a job.** The specialized skills you’ll learn at Lone Star College can help you earn a higher salary.

• **It will quickly get you into the workforce.** Depending on the certification you choose, Lone Star College’s non-credit Career & Technical Education programs can get you into the workforce in a few months instead of a few years.

Frequently Asked Questions

ACT
• A national college admissions exam accepted by most U.S. colleges and universities
• Subject areas include English, math and reading

SAT
• A national college admissions exam that is accepted by virtually all U.S. colleges and universities
• Review subject areas like reading, writing and math, and how to apply that knowledge beyond the classroom

THEA
• The Texas Higher Education Assessment
• Assesses reading, mathematics and writing skills

COMPASS
• A computer-adaptive test offered by ACT
• Determines your skill level in math, reading and writing

ACCUPLACER
• A computer-adaptive test from the nationally-recognized College Board
• Self-paced, untimed
• Assesses math, reading and writing skills

Credit/Academic Transfer
Want classes or a program that will transfer to a four-year college or university? Go to LoneStar.edu/programs-classes.
