Hocus Pocus Magic

Is magic in the air? Is your child fascinated with magic and tricks? This class will teach some fun and exciting tricks, jokes, and magic for all ages to enjoy. This class will introduce your child to a world of adventure and amazement! \$80.00

08863 CYTHS 3930026 CY516 MTWThF 6/15-6/19 1PM-5PM **CLOSED**

08881 CYTHS 3930026 CY598 MTWThF 7/27-7/31 8AM-12PM **CLOSED**

Jazzy Jewels

Create jewelry including bracelets, necklaces, and hair accessories. Learn the different styles of jewelry and the different jewel types (birthstone). \$80.00

08287 CYTHS 3900160 CY540 MTWThF 6/29-7/3 8AM-12PM **CLOSED**

Let's Get Slimy Art

Create various art projects that require hands-on and possibly very messy participation. \$80.00

08427 CYTHS 3920058 CY591 MTWThF 7/20-7/24 1PM-5PM **CLOSED**

Martial Arts

Students will be introduced to proper martial arts training, whereby they can learn to acquire confidence, self-discipline and respect for themselves and others while building team work skills and a strong foundation of self defense. \$80.00

08417 CYTHS 3940034 CY582 MTWThF 7/20-7/24 8AM-12PM **CLOSED**

Math Can be a Blast!

Get a head start on those addition and subtraction facts and be ahead of your friends when school starts! This class can help you improve your math skills by using hands-on activities, computer games, and other fun learning techniques that will stress important memorization strategies. Find out that math can be a blast. \$80.00

08869 CYTHS 3980025 CY570 MTWThF 7/13-7/17 8AM-12PM **CLOSED**

Mental Math

Mental calculations to solve math problems. This class will increase speed and accuracy in solving math problems. If you fear taking math tests, you will learn techniques that will remove the fear and make math easy and enjoyable. Learn mathematic skills and knowledge through the use of mathematic concepts that have their roots in ancient Indian scriptures called Vedas. \$80.00

08507 CYTHS 3980105 CY602 MTWThF 7/27-7/31 1PM-5PM **CLOSED**

Oozing, Bubbling Science Experiments!

Our mini mad scientists will participate in "kitchen science" as they discover that mixing together different well-known and not so well-known ingredients will create bubbly, oozy amazing mixtures! They will also explore the magic of magnets and the mysteries of optical illusions \$80.00

08260 CYTHS 3980007 CY531 MTWThF 6/22-6/26 1PM-5PM **CLOSED**

08295 CYTHS 3980007 CY548 MTWThF 6/29-7/3 1PM-5PM **CLOSED**

08656 CYTHS 3980007 CY618 MTWThF 8/10-8/14 8AM-12PM **CLOSED**

Phonics, the Fast and Fun Way

Phonics will be taught using games and fun activities to build vocabulary and increase comprehension. Children will have fun while learning to pronounce words and reading stories by participating in the "Story of the Day" events. \$80.00

08332 CYTHS 3900452 CY569 MTWThF 7/13-7/17 8AM-12PM **CLOSED**

08644 CYTHS 3900452 CY613 MTWThF 8/3-8/7 1PM-5PM **CLOSED**

FOR 6-8 YR. OLDS

Pirates of the Past

Ahoy, Matey! Come aboard and journey back in time to explore what a pirate's life was like, where in the world you would sail, and what treasures you might find! Learning about the most famous pirates in history through exciting stories, games, and clever art projects will help you truly understand what a pirate's life was like as you sailed the seven seas or looked for buried treasure! \$80.00

08707 CYTHS **3800828** CY622 MTWThF **8/10-8/14** **1PM-5PM** **CLOSED**

Planes, Trains, and Automobiles

All aboard, for an exciting adventure as you explore the wonderful world of transportation! You will have a high-flying time learning about and then creating your own awesome airplanes, terrific trains, and amazing automobiles. So start your engine and come along for the ride! \$80.00

08261 CYTHS **3980102** CY532 MTWThF **6/22-6/26** **1PM-5PM** **CLOSED**

Robotics Workshops

This workshop will lead students through activities, exercises and projects to help build a strong basic foundation to the understanding of some of the components of robotics from building to programming. "Programming ABC's" will explore the software, ROBOLAB, which is the programming software used with the Lego Robotics kits. "Gearing it Up" addresses the identification of gears and understanding their function. "Making Sense of Sensors" Part I & II explores light and rotation sensors. \$80.00

08245 CYTHS **3940081** CY522 MTWThF **6/22-6/26** **8AM-12PM** **CLOSED**

Rocket Science

Blast through a discovery of basic rocketry principles with this out of this world hands-on class. Experience the technology design process by constructing and launching your very own rocket. \$80.00

08646 CYTHS **3940208** CY614 MTWThF **8/3-8/7** **1PM-5PM** **CLOSED**

Sign Language for Youth, Beginners

Discover and embrace this fun and exciting way to communicate while exploring a different type of culture through visual signs with no speech. Learning signed English with fingers; participants will learn signing for basic communication with the hearing impaired and to tell stories spelling phrases. \$80.00

08262 CYTHS **3800835** CY533 MTWThF **6/22-6/26** **1PM-5PM** **CLOSED**

Sign Language for Youth, Intermediate

Discover and embrace this fun and exciting way to communicate while exploring a different type of culture through visual signs with no speech. Learning signed English with fingers, participants will learn signing for advanced communication with the hearing impaired and to tell stories spelling phrases. \$80.00
