Consideration of Consent Agenda  

Consen Agenda: A roll call of individual action items will determine the consent agenda. If a trustee has a question or plans to cast a negative vote regarding a specific recommendation, then the trustee/trustees need to acknowledge their intention to the Chair by show of hand during the roll call: this action item will be considered in the regular order of business as an individual action item.

Those action items that the trustees plan to approve without further question or discussion will be placed on the consent agenda during roll call of individual action items. Upon the creation of the consent agenda, a motion, a second to the motion, and unanimous approval of the Board of Trustees is needed to approve the action items. Upon approval of the consent agenda, the Board of Trustees will proceed with the remainder of the agenda.

Rationale: The consent agenda format is an organization process for meetings that allows the governing board to focus their time and attention on action items that require more elaboration, information, and/or discussion. The intent of the consent agenda is to support efficiency and effectiveness of the meeting.

Policy Report and Consideration No. 1  (FIRST READING)  Board Meeting 3-1-18

Request: Consideration of the Recommended Addition of the Lone Star College (the “College”) Board Policy Manual Section IX. Sexual Misconduct (FIRST READING)

Chancellor’s Recommendation: That the Board of Trustees consider the recommended addition of Section IX. Sexual Misconduct to the College’s Board Policy Manual and the concurrent revision to existing Section VI.F. Sexual Harassment, Assault, Violence, and Discrimination.

Rationale: The proposed Section IX encompasses the College’s sexual misconduct policy as required by applicable state and federal law. The proposed policy includes changes reflecting updates made to the Texas Education Code and the Department of Education’s New Interim Guidance on Campus Sexual Misconduct. The College’s current sexual misconduct policy is located in Section VI.F. Sexual Harassment, Assault, Violence, and Discrimination. The proposed Section IX relocates the policy from Section VI – Students, and places it in a single convenient section for all. Updates to the sexual misconduct policy include, but are not limited to, the availability of informal resolution, reference to the anonymous electronic reporting system (EthicsPoint), and amnesty for students who disclose conduct that violates Board Policy in connection with a sexual misconduct report. This does not include amnesty for a sexual misconduct violation.

Fiscal Impact: None.

SECTION IX – SEXUAL MISCONDUCT

IX.A. Sexual Misconduct

IX.A.1.1. Policy
This policy specifically covers sexual misconduct including sexual harassment, violence, discrimination, and retaliation as prohibited by applicable laws and the College. The College also prohibits unlawful discrimination based on other protected categories and discusses such prohibitions in the human resources and student policy sections. The College does not tolerate retaliation against anyone who complains about sexual misconduct or cooperates in a sexual misconduct investigation. Nothing in this policy prohibits anyone from filing a report or complaint with any other agency, including law enforcement.

The College shall review and update this policy as required by law.

IX.A.1.2. Definitions

(a) Consent: Sexual activity requires consent. Consent is defined as a voluntary and positive agreement between the participants to engage in sexual activity. Consent to sexual activity may be communicated in a variety of ways, but one should presume that consent has not been given in the absence of a clear, positive agreement between the participants. While verbal consent is not an absolute requirement for consensual sexual activity, verbal communication prior to engaging in sexual activity helps to clarify consent and avoid any misunderstandings.

Consent must be clear and unambiguous for each participant at every stage of a sexual encounter. A prior relationship does not indicate consent to future activity. A person who is asleep or mentally or physically incapacitated, either through the effect of drugs, alcohol, or for any other reason, is not capable of giving valid consent. The use of alcohol or drugs may seriously interfere with the participants’ judgment about whether consent has been sought and given.

(b) Dating Violence: Dating violence is committed by a person who is or was in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the relationship length, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence also includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Finally, dating violence does not include acts covered by the definition of domestic violence.

(c) Domestic Violence: Domestic violence is a felony or misdemeanor crime of violence committed by: a current or former spouse or intimate partner of the victim; a person with whom the victim shares a child in common; a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; a person similarly situated to a victim’s spouse under Texas domestic or family violence laws; or any other person against
an adult or youth victim who is protected from the person’s acts under Texas domestic or family violence laws.

(d) **Sexual Assault**: Sexual assault is an offense that meets the definition of rape, fondling, incest, or statutory rape as stated in the Federal Bureau of Investigation’s Uniform Crime Reporting Program.

(e) **Sexual Discrimination**: Sexual discrimination, including sexual harassment, is illegal under both federal and Texas state law and is strictly prohibited by the College. Unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature, including sexual violence, constitute sexual discrimination when:

1. Requests, conduct, or submission to unwelcome advances is—explicitly or implicitly—a term or condition of an individual’s employment, academic advancement, participation in College programs or activities, or is used as a basis for employment or academic decisions affecting the individual;

2. Rejection of unwelcome advances, requests, or conduct affects a term or condition of an individual’s employment, academic advancement, participation in College programs or activities, or is used as a basis for employment or academic decisions affecting the individual; or

3. Such conduct has the purpose or effect of creating an intimidating hostile work or academic environment that unreasonably interferes with an individual’s work, academic performance, education, or participation in College programs or activities.

(f) **Sexual Harassment** (a form of sex discrimination) includes two categories: (1) hostile work environment sexual harassment, and (2) quid pro quo sexual harassment.

Hostile work environment sexual harassment means verbal, physical, or visual forms of harassment that are sexual in nature, unwelcome, and severe, persistent, or pervasive. A hostile environment is often created by a series of incidents. However, a single severe incident, such as sexual assault, could create a hostile environment.

Quid pro quo sexual harassment means “this for that.” An example of this form of sexual harassment occurs if a faculty member (or staff member) stipulates that a student’s grade or performance rating (or participation on a team, in a play, etc.) will be based on whether that student submits to sexual conduct.

(g) **Sexual Violence**: Sexual violence means a physical sexual act perpetrated without the complainant’s consent. This includes situations where a person is incapable of giving consent because of drug or alcohol impairment or a mental or physical disability. A number of different acts fall into the category of sexual violence, including, but not limited to, rape,
sexual assault, sexual battery, sexual coercion, and any VAWA offenses. All such acts of sexual violence are forms of sexual harassment prohibited by Title IX and this policy.

(h) **Stalking:** Stalking is defined as engaging in a course of conduct (two or more acts), including, but not limited to, a pattern of repeated and unwanted attention, harassment, or conduct, directed at a specific person that would cause a reasonable person to fear for his or her safety, the safety of others, or suffer substantial emotional distress. Substantial emotional distress is significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

(i) **Title IX Harassment:** Acts of Title IX harassment may take many different forms. Title IX harassment includes sexual harassment, gender-based harassment, and sexual violence. The conduct must be sufficiently severe or pervasive as to unlawfully limit an individual’s ability to participate in or benefit from the College’s activities. Further, such conduct is evaluated from the perspective of a reasonable person in the complainant’s position, taking into account the totality of the circumstances involved in a particular matter. The following types of actions serve as non-exhaustive examples of Title IX harassment prohibited by this policy if sufficiently severe or pervasive:

1. Physical sexual acts perpetrated against a person’s will or when a person is incapable of giving consent because of drug or alcohol impairment or mental or physical disability;

2. Direct or implied sexual statements or threats, demands for sexual favors, or sexual advances, accompanied by implied or actual promises of preferential treatment for submission to such demands; or implied or actual threats that failure to submit to such demands may result in adverse treatment concerning the person’s admission, enrollment, employment, work status, promotion, grades, or recommendation;

3. Any of the following if persistent and unwelcome: flirtation, requests for dates, staring, advances, or sexual propositions;

4. Gratuitous displays of sexually suggestive objects or pictures, including images displayed, transferred, forwarded, or shared via the Internet, text messaging, or other electronic means;

5. A pattern of conduct unrelated to an academic course or the requirements of the workplace intended to cause discomfort or humiliation or including one or more of the following: (i) comments of a sexual nature; (ii) sexually explicit statements, questions, jokes, anecdotes, or gestures; (iii) a pattern of conduct that would cause discomfort or humiliation, or both, to a reasonable person to whom the conduct is directed and that includes one or more of the following: (1) unnecessary touching, such as patting, pinching, hugging, or repeated brushing against a person’s body; (2) remarks of a sexual nature about a person’s clothing or body; or (3) remarks about sexual activity or speculations about previous sexual experience;
6. Treating individuals adversely because they do not conform to stereotypical norms of feminine or masculine gender behavior.

IX.A.1.3. Sexual Misconduct Procedures
Sexual misconduct investigations are governed by the policies outlined below. Chancellor’s Procedures and forms shall supplement and comply with this policy.

Parties needing reasonable accommodations due to disability during proceedings under this policy are asked to please inform the Title IX coordinator. Disability verification may be required if the information is not currently on file with the College.

(a) Reporting Sexual Misconduct. Any person who believes sexual misconduct occurred may promptly report the incident to one of the College’s Responsible Employees or a Campus Security Authority (CSA) if reporting sexual violence including sexual assault, domestic violence, dating violence, or stalking. The Responsible Employees and CSAs include, but are not limited to: (i) the College’s Police Department, (ii) Title IX Coordinator, or (iii) Chief Student Services Officer.

All individuals listed in the prior paragraph shall promptly inform the Title IX Coordinator of any such report. The Responsible Employee or CSA must inform the reporting person that the responsible employee or CSA has a duty to relay the complaint to the Title IX Coordinator and, if applicable, to the Clery Compliance Officer. The Responsible Employee or CSA must also inform the reporting person about his or her confidentiality options, available confidential advocacy, support services, the right to file a Title IX complaint with the College, and the right to report a crime to the campus or external law enforcement. Reports made through the College’s EthicsPoint Hotline (see Internal Resources) will be forwarded to the Title IX Coordinator and, if applicable, the Clery Compliance Officer.

The Title IX Coordinator or designee will then perform an intake assessment within a reasonable period of receiving any sexual misconduct report. The intake assessment may include preliminary interviews and interim step recommendations. The Title IX Coordinator or designee will conduct an investigation following the intake assessment if the complaint alleges sexual misconduct.

(b) Privacy. The College strongly supports the parties’ privacy interest in sexual misconduct cases. Except for disclosures required by local, state, or federal law, the College will disburse information regarding such cases only to the parties and to individuals responsible for preparing the College’s response.

The College does not require mental-health counselors, pastoral counselors, social workers, psychologists, health center employees, or any other person with a professional license requiring confidentiality, or who is supervised by such a person, to report, without
the individual’s consent, incidents of sexual violence to the College in a way that identifies the individual.

The College provides an electronic reporting option via EthicsPoint. A link can be found under Internal Resources and at the bottom of the College’s homepage (Report Sexual Misconduct). EthicsPoint enables anonymous reporting. Such anonymity requests, however, may limit the College’s ability to respond.

(c) **Interim Steps.** The College may take interim steps to protect the complainant, respondent, and the College’s community members pending the investigation or hearing of a sexual misconduct complaint depending on the nature of the complaint and the evidence. Violating interim steps may result in a non-academic misconduct charge against a student or disciplinary action up to and including employment termination for employees (independent of the initial sexual misconduct inquiry). Interim steps should be individualized for each compliant. Interim steps may include, but are not limited to: issuing a no-contact order prohibiting the parties from having contact with each other; directing the lateral transfer of an employee or moving a student to another classroom setting; administrative leave; or making arrangements for alternative academic and employment environments.

Interim steps that separate a student from his or her education must be approved by the applicable college president and the Chancellor.

(d) **Notice and Investigation.** The Title IX Coordinator or designee will provide written notice of the complaint to the respondent within a reasonable period of receiving it. The Title IX Coordinator or designee will impartially investigate the sexual misconduct allegations. Some cases may be resolved informally if all parties and the College agree.

(e) **Advisor.** Parties have the right to consult with an advisor of their choosing. The advisor may be any person, including an attorney, who is not otherwise a party or witness involved in the investigation. A party may be accompanied by his or her advisor to any meeting or proceeding related to a complaint under this policy. While the advisor may provide support and advice to the party at any meeting or proceeding, the advisor may not speak on the party’s behalf or otherwise participate in, or in any manner delay, disrupt, or interfere with any meeting and or proceeding.

(f) **Investigation Report and Response.** The Title IX Coordinator or designee will complete an investigation report after concluding the investigation. The parties shall have the same meaningful access to the investigation report. The parties will then have a reasonable period to respond in writing to the investigation report.

(g) **Sexual Misconduct Result Proceedings.** Once the Title IX Coordinator or designee receives or should have received the parties’ written response to the investigation report, he or she shall determine whether the investigation revealed allegations rising to the level of sexual violence as defined in this policy. If so, then the Title IX Coordinator shall arrange
for a hearing conducted by a third party hearing officer. If the investigation did not contain allegations rising to the level of sexual violence, then the Title IX Coordinator, using the evidentiary standard, will determine whether the alleged sexual misconduct occurred.

1. **Evidentiary Standard.** A preponderance of the evidence standard must be used in any result proceeding under this section.

2. **Proceedings for Sexual Misconduct Excluding Sexual Violence.** The Title IX Coordinator will determine whether the sexual misconduct did or did not occur in cases that do not rise to the level of sexual violence. The Title IX Coordinator’s result shall be delivered to the complainant, the respondent, and the Chancellor within a reasonable time of the Title IX Coordinator’s receipt of the complaint. Either party may appeal the Title IX Coordinator’s determination to the Chancellor. The Chancellor’s decision is final.

3. **Proceedings for Sexual Violence.** For allegations of sexual violence, the College will hold a hearing conducted by a third party hearing officer.

   The hearing will take place within a reasonable period after the Title IX Coordinator receives (or should have received) the parties’ responses to the investigation report. The Title IX Coordinator shall provide the parties with notice of the hearing. The hearing officer will be an independent arbiter or mediator selected by the College at its sole discretion. The Title IX Coordinator shall provide the hearing officer with the investigation report and the parties’ responses at or before the hearing.

   Both the complainant and the respondent will have an opportunity to present witnesses and evidence at this hearing. The complainant and the respondent may be accompanied by an advisor, including legal counsel. Personal attendance is not required from either party.

   Neither the complainant nor the respondent will have an opportunity to question the other party, whether personally or through the advisor. Each party will be limited to presenting his or her case, except that either party may submit desired cross-examination questions to the hearing officer on the date of the hearing or to the Title IX Coordinator before the hearing. The hearing officer will determine whether to ask the questions submitted during his or her questioning of either party—that decision is not appealable.

   The hearing result, the result’s rationale, and any recommended sanctions shall be delivered to the complainant, the respondent, and the Chancellor within a reasonable time period after the hearing. The Chancellor’s decision regarding the sanctions will be final.

**Potential Sanctions.**
1. **Students:** If the investigation or hearing reveals that sexual misconduct was committed by a student, further action will be taken, including, but not limited to, any and all disciplinary actions set forth in Board Policy section Student Discipline for Non-Academic Misconduct. Moreover, the College will not subject students to disciplinary actions for Board Policy violations (e.g., alcohol or drug consumption, academic misconduct, or non-academic misconduct) disclosed during the course of the proceedings. The absence of such disciplinary action encourages students to report sexual misconduct and participate in proceedings without fear of reprisal.

2. **Employees:** If the investigation or hearing reveals that sexual misconduct was committed by an employee, further action will be taken up to and including immediate employment termination or Notice of Forthcoming Termination for contract employees.

3. **Third Parties:** If the investigation or hearing reveals that sexual misconduct was committed by a non-employee non-student, further action may be taken, including, but not limited to, immediate severance and termination of any contractual or business relationships.

(i) **Retaliation Prohibited.** No College community member may retaliate against a person because of that person’s sexual misconduct complaint, exercise of his or her right to file a formal or informal sexual misconduct complaint, use of any of the related processes the College provides, cooperation with an investigation, or testimony or other evidence offered by that person connected to a complaint. A complaint’s actual or perceived truth does not excuse retaliatory conduct. Any person who observes retaliation should promptly notify the Title IX Coordinator. Individuals found to have committed retaliation may be subject to disciplinary actions.

IX.B. Convicted Sex Offender Registration

IX.B.1.1. Policy
Texas Code of Criminal Procedure Article 62.153 mandates that each person required to register as a sex offender, and who intends to be employed, work with a contractor, or attend classes at the College, must register with the College’s Police Department at least seven (7) days before reporting to any College location.

As part of this registration, the individual must submit information pertinent to his or her offenses, which will be forwarded to the College’s Review Committee for a determination of eligibility for employment, vendor services, or enrollment. A person seeking to be enrolled as a student must first be approved before completing the registration process.

Failure to register and receive necessary approval under this section may result in immediate suspension, dismissal, or termination of employment.
Request: Consideration and Approval of the Recommended Revision of the Lone Star College (the “College”) System Board Policy Manual Section III.C.2. Investment Management

Chancellor’s Recommendation: That the Board of Trustees consider and approve revision of the College’s Board Policy Manual Section III.C.2. after changes to the Public Funds Investment Act enacted by the Texas legislature during 2017.

Rationale: Because of recent changes to state law, it is now legal for the College to participate in hedging transactions designed to protect the College from economic loss due to price fluctuations in commodities or other investments. The College’s investment management policy does not currently allow such transactions, but the revisions to Section III.C.2. would change College policy to allow the College to enter into hedging transactions.

This revision also condenses the College’s investment management policy by providing that the College may invest in any investment authorized by the Texas Public Funds Act (or its successor statute) instead of listing each authorized investment separately.

Fiscal Impact: None.

III.C.2. Investment Management

III.C.2.1. Policy
The College invests available funds after evaluating the College’s anticipated cash flow requirements and giving due consideration to investment safety and risk. The College’s investment portfolio is prudently designed and managed to obtain reasonable revenue without compromising the College’s cash flow needs, to maintain public trust, and to comply with legal requirements and limitations. This policy applies to all investment assets under the College’s direct control.

The College invests with the following objectives in priority order: (1) safety and principal preservation; (2) liquidity; (3) diversification; (4) public trust; and (5) yield.

III.C.2.2. Definitions
(a) **Act** means Texas Government Code Chapter 2256, the Public Funds Investment Act.

(b) **Board** means the Board of Trustees with ultimate legal authority to govern the College.

(c) **Hedging Transactions** means contracts and related security, credit, and insurance agreements designed to protect the College from economic loss due to price fluctuation of a commodity or related investment by entering into an offsetting position or using a financial agreement or producer price agreement in a correlated security, index, or other commodity.

(d) **Investment Officers** means the College’s Chief Financial Officer and other employees as designated in writing by the College’s Chief Financial Officer, including an employee temporarily holding one of those positions in an acting or interim role.

(e) **Repurchase Agreement** means a simultaneous agreement to buy, hold for a specified time, and sell back at a future date certain authorized investments for a market value not less than the principal amount of funds disbursed.

(f) **SEC** means the United States Securities and Exchange Commission.

III.C.2.3. Purpose and Strategy
The Act requires the College to adopt a written investment policy regarding investment of its funds and funds under its control, including a separate written investment strategy for each of the funds or group of funds under its control. At least annually, the Board reviews this investment policy and investment strategies and adopts a written instrument stating that this review has taken place and listing any changes to the investment policy or strategies. This investment policy addresses the methods and practices the College uses to ensure prudent fund management.
The College’s overall investment strategy is to properly safeguard College financial assets, provide sufficient liquidity and diversification, and produce a reasonable rate of return while enabling the College to react to changes in economic and market conditions. All investments this policy authorizes are suitable.

The longer an investment’s maturity, the greater its price volatility. Therefore, the College primarily invests in short- and intermediate-term investments to limit risk caused by interest rate changes. The College attempts to match its investments with its anticipated cash flow requirements. Cash flow requirements generally divide the portfolio into four major parts: liquidity needs, short-term needs, intermediate-term needs, and longer term, core investment. The College does not purchase investments maturing more than three years from the purchase date.

The College’s investment portfolio is designed to obtain a reasonable return throughout budgetary and economic cycles commensurate with investment risk constraints and cash flow needs. “Weighted Average Yield to Maturity” is used to calculate the portfolio’s rate of return.

The College commingles its operating, reserve, trust, and agency funds into one investment portfolio for investment efficiency, accurate distribution of earnings, and maximum investment opportunity. Nevertheless, the College recognizes each fund’s unique characteristics and needs and manages its portfolio accordingly. The maximum dollar weighted average maturity of the entire commingled portfolio reflecting cash flow needs will be no greater than one year, and the corresponding benchmark for the commingled portfolio will be the comparable one-year U.S. Treasury security.

Capital projects are managed separately in accordance with their anticipated expenditure schedules and bond document requirements.

III.C.2.4. College Fund Investment Strategies

(a) General Fund includes all College operating funds including, but not limited to, the general fund, payroll fund, technology fund, student activity fee fund, repair and replacement fund, and the auxiliary fund. This fund’s primary investment objectives are (1) to preserve and safeguard principal; and (2) to match anticipated cash flows with adequate investment liquidity. These objectives are accomplished by purchasing high credit quality, short- to intermediate-term investments matching cash flow requirements. Funds not needed for short-term cash flow requirements are invested in diversified instruments with diversified maturities readily marketable in the secondary market or, if certificates of deposit, redeemable with or without penalty. Yield may be enhanced by using maturity extensions available within the confines of accurate cash flow projections and market cycle timing. This fund’s maximum weighted average maturity is one year, and the maximum stated maturity for any one investment is three years.
(b) **Restricted Fund** includes local, state, and federal grant funds and funds from other sources restricted for instructional use. This fund’s primary investment objectives are (1) to preserve and safeguard principal; (2) to maintain liquidity sufficient to meet anticipated cash flow requirements; and (3) to optimize yield. These objectives are accomplished by purchasing high credit quality, short-term investments, diversified by instrument and maturity, and matching the investments’ maturity with anticipated liabilities. Funds not needed for short-term cash flow requirements are invested in diversified instruments with diversified maturities readily marketable in the secondary market or, if certificates of deposit, redeemable with or without penalty. A ladder of short-term investments with sufficient liquidity from cash equivalent investments may be used to maintain a maximum weighted average maturity of one year, and the maximum stated maturity for any one investment is two years or less.

(c) **Capital Projects Fund.** The Capital Projects Fund’s primary investment objectives are to (1) preserve and safeguard principal; (2) match cash flows from maturities and earnings of diversified investments to anticipated needs; and (3) obtain a reasonable market yield. Considering appropriate risk constraints, investment choices attempt to attain a return equal to or above the arbitrage yield to avoid negative arbitrage. These objectives are accomplished by purchasing high credit quality, short- and intermediate-term investments with maturities closely matching projected cash flow schedules. Funds not needed for short-term cash flow requirements are invested in diversified instruments with diversified maturities readily marketable in the secondary market or, if certificates of deposit, redeemable with or without penalty. An individual security’s maximum maturity will not exceed the shorter of the funds’ planned expenditure span or the maximum length—currently three years—allowed under this policy.

(d) **Debt Service Fund.** The Debt Service Fund’s primary investment objectives are to (1) preserve and safeguard capital; and (2) optimize yield to fund debt service payments in accordance with bond documents. Funds not required for immediate liquidity are invested in diversified instruments. Each successive debt service payment is fully funded before extensions are made. This fund’s maximum weighted average maturity is one year.

(e) **Trust and Agency Fund** includes local scholarship funds, club funds, and other funds for which the College acts as fiduciary and which have short average lives and high liquidity needs. This fund’s primary investment objectives are to ensure safety, liquidity, diversification, and yield. These objectives are accomplished by purchasing high credit quality, short-term investments and cash equivalents for liquidity. This fund’s maximum weighted maturity is six months, and the maximum stated maturity for any one investment is one year.

### III.C.2.5. Prudent Person Rule
When investing for the College, investment officers consider prevailing internal and market circumstances which persons of prudence, discretion, and intelligence would exercise when managing their own affairs—not for speculation, but for investment. Investment officers
consider the probable safety of capital as well as probable income from an investment decision.

When determining if an investment officer exercised prudence in an investment decision, reviewers consider the investment of all funds rather than a single investment and whether the investment decision was consistent with this investment policy.

III.C.2.6. Credit Rating Downgrades
At least quarterly, investment officers obtain from a reliable source the current credit rating for each College investment for which the Act requires a minimum rating. Investment officers meet to discuss any investment which has been downgraded or placed on credit-watch to evaluate and take any necessary and prudent measures to assure the safety of College funds. As quickly as prudently possible, the College liquidates any investment that becomes unauthorized or loses its required credit rating.

III.C.2.7. Authority and Delegation
The Act authorizes the College to manage College investments and to delegate such management.

III.C.2.8. Investment Officers
The Board designates the College’s investment officers and delegates to them responsibility to manage the College’s investment program under the Chancellor’s supervision. The Board retains ultimate fiduciary responsibility for College investments.

Investment officers are responsible for all investment transactions, and they establish and maintain controls to regulate subordinates’ activities. No person may engage in an investment transaction for the College except as set forth in this policy and relevant Chancellor’s procedures. Investment officers acting in good faith under relevant policies and procedures are not personally liable for investment results.

Investment officers report to the Board quarterly on investment results and annually on counterparties. No later than the 180th day after the 1st day of each regular session of the Texas Legislature, investment officers prepare and deliver a report to the Board on the Act.

III.C.2.9. Investment Training
The College provides access to periodic investment training for trustees, investment officers, and other investment personnel through courses and seminars offered by professional organizations, associations, and other independent sources in compliance with the Act.

Within six months after taking office or assuming duties, trustees and investment officers must acquire at least the minimum investment training required by the Texas Higher Education Coordinating Board. Training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with the Act.
In addition, the College’s Chief Financial Officer’s staff directly involved with day-to-day investment operations will attend training about the Act not less than once each state fiscal biennium. Investment officers also complete at least the minimum required hours of training not less than once each state fiscal biennium. An independent source approved by the Board provides all such training. The following are Board-approved training providers:

1. American Institute of Certified Public Accountants
2. Arbitrage Compliance Group
3. Association of Governmental Accountants
4. City Managers’ Association
5. Council of Governments
6. Government Finance Officers’ Association
7. Government Finance Officers’ Association of Texas
8. Government Treasurers’ Organization of Texas
9. Texas Association of Community College Business Officers
10. Texas Higher Education Coordinating Board
11. Texas Municipal League
12. Texas Society of Certified Public Accountants
13. Texas State Board of Public Accountancy
14. The PFM Group
15. University of North Texas Center for Public Management

III.C.2.10. Ethics and Disclosure of Conflicts of Interest
Investment officers and other College employees involved in the investment process refrain from personal business activity that could (1) conflict with properly executing the investment program or (2) impair their ability to make impartial investment decisions. Investment officers disclose potential conflicts of interest annually and as conditions change. Investment officers file a disclosure statement with the Texas Ethics Commission and the Board if:

(a) The investment officer has a personal business relationship with a business organization offering to engage in an investment transaction with the College; or

(b) The investment officer is related within the second degree by affinity or consanguinity, as determined under Texas Government Code Chapter 573, to an individual seeking to transact investment business with the College.

III.C.2.11. Investment Providers
Investment officers obtain and maintain information on all financial institutions and brokers/dealers authorized to engage in investment transactions with the College, including the following information, as applicable:

(a) Audited annual financial statements;
(b) Proof of Financial Industry Regulatory Authority membership and CRD number;

(c) Proof of registration with the Texas State Securities Board; and

(d) Completed College questionnaire.

All investment providers (including but not limited to financial institutions, broker/dealers, investment pools, mutual funds, and investment advisors) must certify in writing that the entity’s authorized representative has received and thoroughly reviewed the College’s current investment policy and that the entity has reasonable procedures and controls to preclude transactions conducted with the College not authorized by its investment policy except to the extent that authorization depends on analyzing the College’s entire portfolio or requires interpretation of subjective investment standards. Whenever the Board adopts material changes to the College’s investment policy, investment providers must re-certify their adherence to this policy.

The Board annually adopts a list of qualified brokers/dealers authorized to engage in investment transactions with the College. The Board considers service, market involvement, and creditworthiness when selecting brokers/dealers to provide brokerage services. Selected firms may include primary dealers and regional dealers qualifying under the SEC’s uniform net capital rule.

Each year, investment officers review and evaluate firms authorized to enter into investment transactions with the College. Their review and evaluation may include the following criteria:

(a) Number of transactions competitively won/attempted;

(b) Prompt and accurate confirmation of transactions;

(c) Efficiency of transaction settlement;

(d) Accuracy of market information; and

(e) Account servicing.

After their review and evaluation, investment officers recommend to the Board a list of firms to authorize to enter into investment transactions with the College for the following year.

III.C.2.13. Authorized and Unauthorized Investments

The College may invest in any investment authorized by Texas Government Code Chapter 2256 or its successor statute.

The College may not invest in the following:
(a) Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no interest.

(b) Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and pays no interest.

(c) Collateralized mortgage obligations with a stated final maturity greater than 10 years.

(d) Collateralized mortgage obligations with an interest rate determined by an index that adjusts opposite to the changes in a market index.

III.C.2.14. Securities Held by Custodians
All securities owned by the College are held by independent third party custodians approved by the College. The delivery shall be made under normal and recognized practices in the securities and banking industries, including the book entry procedure of the Federal Reserve Bank.

III.C.2.15. Delivery versus Payment
Except for investment pool funds and mutual funds, the College settles all security transactions on a delivery versus payment basis.

III.C.2.16. Competition
College investment activities occur in a competitive environment. Competitive elements include, but are not limited to, analyzing strategies, reviewing investment alternatives, monitoring market conditions, requesting solicitations from multiple investment providers, adhering to applicable “bona fide solicitation” rules, and overall performance evaluations.

The College may compare and evaluate, but does not require formal bidding, before investing in financial institution deposits, money market mutual funds, or local government investment pools. Bids or offers may be solicited orally, in writing, or electronically for securities and certificates of deposit. The College maintains records of all prices and levels bid, offered, or accepted.

III.C.2.17. Diversification
The College recognizes investment risks from issuer defaults, market price changes, or complications leading to temporary illiquidity. The College manages market risks by diversifying its portfolio within the following general guidelines:

(a) Avoid over-concentration in investments from a specific issuer or business sector;

(b) Limit investments with higher credit risk (such as commercial paper);

(c) Invest in instruments with varying maturities to meet the College’s cash flow projections;
(d) Continuously invest part of the portfolio in readily available funds (such as local government investment pools, financial institution deposits, money market funds, or overnight repurchase agreements) to maintain sufficient liquidity for ongoing obligations.

(e) Adhere to the following maximum limits (at time of purchase) by instrument for the College’s total portfolio:

1. US Treasury Obligations ................................................................. 90%
2. US Agencies and Instrumentalities ............................................. 90%
3. Certificates of Deposit ................................................................ 90%
4. Repurchase Agreements (excluding bond proceeds)............... 50%
5. Flexible Repurchase Agreements (bond proceeds) ............... 100%
6. Investment Pools.......................................................................... 100%
7. Municipal Securities ................................................................. 30%
8. Commercial Paper ..................................................................... 25%
9. Commercial Paper by issuer ................................................... 5%

III.C.2.18. Hedging Transactions
As permitted by state law, the College may enter into hedging transactions related to commodities the College uses in its general operations or related to certain capital projects or other eligible projects. All hedging transactions must fully comply with all relevant state and federal laws, including Texas Government Code Chapter 2256 or its successor statute, the regulations of the federal Commodity Futures Trading Commission, and SEC regulations. Amounts the College receives under hedging transactions may be credited against expenses associated with a commodity purchase, and amounts the College pays under hedging transactions may be considered a maintenance and operations expense, an acquisition expense, a construction expense, or a project cost.

III.C.2.19. Internal Controls
Internal controls provide reasonable assurance that College funds are protected from loss, theft, or misuse. The concept of reasonable assurance recognizes that a control’s cost should not significantly exceed the benefits likely to be derived therefrom and that valuing costs and benefits requires estimates and judgments by management.

Internal controls for cash management and investment address at least the following points:

(a) Complete documentation of all transactions;

(b) Collusion control;

(c) Accounting and recordkeeping separation;

(d) Custodial safekeeping;
(e) Clear delegation of authority to subordinate staff members;

(f) Written confirmation for all transactions;

(g) Timely reconciliation of transactions; and

(h) Assurance of “delivery versus payment” settlement and competitive bidding.

III.C.2.20. Compliance Audit
At least once every two years, an external auditor in cooperation with, but independent of, the Chief Financial Officer reviews the College’s investment practices for compliance with College policies and procedures. The Chief Financial Officer coordinates this independent review in cooperation with the College’s Internal Auditor. Not later than January 1 of each even-numbered year, the College reports the most recent audit’s results to the Texas State Auditor’s Office.

III.C.2.21. Quarterly Reporting
Each quarter, investment officers prepare, sign, and present to the Chancellor and to the Board an investment report for the most recent quarter summarizing investment strategies employed and detailing the portfolio’s investment and earnings.

Each quarterly investment report includes a summary statement of investment activity. Quarterly reports allow the reader to ascertain whether investment activities during the reporting period adhered to the College’s investment policy. Each report includes at least the following:

(a) A detailed listing of individual investments by maturity date at the reporting period’s end;

(b) A portfolio summary by market sectors and maturities;

(c) The beginning and ending book and market values of each security and position by asset type and fund type invested;

(d) Unrealized market gains or losses at the reporting period’s end;

(e) The account, fund, or pooled group fund for which each individual investment was acquired;

(f) The portfolio’s average weighted yield to maturity as compared to its benchmark;

(g) Net accrued investment earnings for the reporting period;

(h) Diversification by market sectors; and
(i) A statement of compliance with the Act and the College’s investment policy and strategy as approved by the Board.

III.C.2.22. Market Values in Quarterly Reports
Market values used in quarterly reports are obtained from reputable and independent sources, which may include financial/investment publications and electronic media, investment tracking software, depository banks, commercial or investment banks, financial advisors, and representatives or advisors of investment pools or money market funds.

III.C.2.23. Annual Reporting
As required by the Texas State Auditor’s Office in accordance with the 82nd Texas Legislature’s General Appropriations Act, Article III, Rider 5–Investment Reports, the College files with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor’s Office. The public may inspect copies of these reports, and the annual investment report is posted on the College’s website by December 31 of each year.
Request: Consideration of Approval of the 2018-2019 Credit Tuition and Fee Schedule

Chancellor’s Recommendation: That the Board of Trustees approve the adoption of the tuition and fee schedule changes for Fall 2018. The recommended tuition rates and assessed fees include the following changes from the Spring 2018 tuition and fee schedule:

- An increase in the out-of-district fee from $85 to $95 per credit hour.
- An increase in the out-of-state/international fee from $100 to $130 per credit hour.
- An increase in the discipline-based differential fee; the attached chart details the amount per discipline to be added to the base tuition rate.

The Board is requested to take action at this time so that the new rates are effective when students begin registering for Fall 2018 classes in April.

Rationale: Out-of-LSC fees: estimated impact of $3.2 million increase:
Community colleges operate under the principle of shared responsibility for the cost of educating students with a proportion of the cost shared by the State of Texas, local taxpayers, and students. The college receives 21% of its funding from state appropriations, 40% from local property taxes, 34% from student tuition and fees, and 5% from auxiliary operations.

In the 2016-17 academic year, the college enrolled approximately 13,000 out-of-district and out-of-state/international students. Out-of-district students do not pay local property taxes to the system. Out-of-state and international students generate no contact hour reimbursement funding from the state. Therefore, these out of district students are charged an out-of-district fee to help mitigate the subsidy local property taxpayers provide for them. Out of state/international students are charged an out-of-state/international fee to account for the lack of state funding.

Based on 2016-2017 enrollment data and audited revenues, in-district students pay a combined $190 per credit hour in tuition, fees and property taxes and generate $61 in contact hour funding. Out-of-district students pay $153 and generate $61 in contact hour funding and out-of-state/international students pay $168 per credit hour and generate no contact hour funding, resulting in a $37 and $83 gap, respectively, between in-district students and other students.
The last time out-of-LSC fees were increased was in November 2017 for Spring 2018 classes. The current increase is necessary to ensure that out-of-district, state and international students are effectively covering the costs of instruction given we do not collect taxes and, in the case of out-of-state/international students, state funding for them.

**Differential fee; estimated impact of $1.9 million increase:**
The differential fee is intended to offset the costs incurred for each discipline that are above the tuition rate. The differential fee was originally implemented in academic year 2011-2012. Costs per discipline are periodically reviewed and changes in the differential fee are recommended as needed.

In the past, the fee addition for each year has been limited to either $2 or $4. It is recommended that the fee changes for 2018-2019 be limited to $2 per credit hour. See attached chart for the itemization by discipline.

**Fiscal Impact:**
It is estimated that the proposed changes will generate approximately $5.1 million in additional student revenues for fiscal year 2018-2019.

Request: Consideration of Approval to Authorize the Chancellor or Designee to Negotiate and Execute a Guaranteed Maximum Price ("GMP") Contract with the Lone Star College-North Harris ("LSC-North Harris") Construction Manager-at-Risk ("CMAR") Firm for Construction Services of the Lone Star College-East Aldine Satellite Center ("LSC-East Aldine Satellite Center") in Combination with Aldine Independent School District ("AISD") Escrowed Funds

Chancellor’s Recommendation: That the Board of Trustees authorize the Chancellor or designee to negotiate and execute a GMP contract with Bartlett Cocke General Contractors, East Texas Region, 7904 North Sam Houston Parkway W/#100, Houston, Texas 77064, for construction services related to the LSC-East Aldine Satellite Center, a phase one project under the 2014 General Obligation Bond Construction Program in combination with AISD in a sum not exceeding $22,039,145 for LSC-East Aldine Satellite Center and a sum not exceeding $14,316,253 under the AISD escrowed funds, for a total sum not exceeding $36,355,398.

Rationale: As a result of the November 4, 2014 bond election, Lone Star College (the "College") is authorized to issue up to $485M in general obligation bonds for the purchase of land, new construction, repair and replacement, and renovation of facilities. CMAR construction management services are required for Phase II construction projects related to the approved bond referendum. The CMAR services will include, but not be limited to, project management, constructability reviews, cost estimating, scheduling, subcontracting, quality and safety control, and project closeout.

At the September 4, 2014 meeting, the Board of Trustees approved Bartlett Cocke General Contractors to provide CMAR services for the construction of the LSC-East Aldine Satellite Center through a formal Request for Qualifications process in compliance with Texas Government Code §2267.251 and conditioned on finalization of funding. Subsequently, at the March 3, 2016 meeting, the Board of Trustees approved using General Obligation Bonds, Series 2015, to fund the LSC-East Aldine Satellite Center.

Fiscal Impact: $22,039,145 for these purchases are available from the General Obligation Bonds, Series, 2017A. The balance of $14,316,253 for these purchases...
are available from the AISD funds placed in escrow account with the College, as prescribed by the interlocal agreement. These escrowed funds will be used to pay for costs related to the facility upon approval by AISD.

Request: Consideration of Approval to Authorize the Chancellor or Designee to Increase the total Not-to-Exceed Amount of the Previously Awarded Master Services Agreements (“MSA”) to Purchase Additional Facility-Related Minor Projects, Maintenance, Repairs and Inspection Services

Chancellor’s Recommendation: That the Board of Trustees authorize the Chancellor or designee to increase the total not-to-exceed amount of the previously awarded MSAs to purchase additional facility-related minor projects, maintenance, repairs and inspection services in a sum not exceeding $9,000,000 for a revised total sum not exceeding $19,000,000 over a five-year period.

Rationale: On April 7, 2016, the Board of Trustees approved additional master services agreements with a pool of vendors providing fire protection, finishing and painting, restoration and remediation, and flooring services for facility related minor projects, maintenance, repairs, and inspection services for the College in a sum not exceeding $10,000,000 over a five-year period. Vendors were awarded as a result of a formal Competitive Sealed Proposal process in compliance with Texas Government Code 2269.401.

This increase in the total not-to-exceed sum for these MSAs would cover costs of future maintenance and facility related repair projects and costs of continued mitigation and remediation services for LSC-Kingwood Hurricane Harvey recovery efforts.

Fiscal Impact: Funds for these purchases are included in the FY 2018 budget. Funds for subsequent years will be included on future proposed budgets.

Rationale: On April 7, 2016, the Board of Trustees approved additional master service agreements with a pool of vendors providing fire protection, finishing and painting, restoration and remediation, and flooring services for facility related minor projects, maintenance, repairs, and inspection services for the College for a sum not exceeding $10,000,000 for a five-year period through a formal Competitive Sealed Proposal process in compliance with Texas Government Code 2269.401. Blackmon Mooring is an approved master service agreement vendor.

Financial Report and Consideration No. 6  (ACTION ITEM 7)  Board Meeting 3-1-18

Request: Consideration of Ratification of the Emergency Purchase of Internet Services for Lone Star College-Kingwood (“LSC-Kingwood”) Dental Hygiene Annex

Chancellor’s Recommendation: That the Board of Trustees ratify the emergency purchase of internet services for LSC-Kingwood with PS Lightwave, Inc., 5959 Corporate Drive, Suite 3300, Houston, Texas 77036 in a sum not exceeding $24,300 for a total revised sum not exceeding $966,936.

Rationale: As a result of Hurricane Harvey, six of the nine buildings located at the LSC-Kingwood campus were flooded. Internet services are necessary for the LSC-Kingwood Dental Hygiene Annex.

At the March 7, 2013 meeting, the Board of Trustees approved the purchase of internet services for the College from Phonoscope Light Wave, Inc. and TW Telecom Holdings, Inc. for an estimated sum not exceeding $650,000 through a formal Request for Proposals process in compliance with Texas Education Code Section 44.031(a).

At the July 10, 2017 meeting, the Board of Trustees approved the ratification to purchase internet services and to purchase additional internet services for the College with PS Lightwave, Inc. and Level 3 Financing, Inc. for a total revised sum not exceeding $942,636 over the five-year period.

Request: Consideration of Approval of an Amendment for Design Services for Lone Star College-Kingwood ("LSC-Kingwood") in response to flooding to campus by Hurricane Harvey

Chancellor’s Recommendation: That the Board of Trustees approve an amendment for design services at LSC-Kingwood from Autoarch Architects, 6200 Savoy, Houston, TX 77036 for a sum not exceeding $1,065,700 for building damage assessments, design of temporary space, and design of build back in the six affected buildings.

Rationale: These services are required to complete FEMA assessments, construction administrative services for the temporary location of the Dental Hygiene program, and design of the build back for buildings on the LSC-Kingwood campus. This purchase was deemed an emergency because the lead time to complete a qualification process would be 6 to 8 weeks which would delay the campus occupying classroom space as well as submitting assessments to FEMA within the required 60 day window. As the construction costs for the build-back have not been determined at this time, an estimated build-back costs in the amount of $10,000,000 is utilized to establish the requested design fee. The $1,065,700 consists of $250,000 for assessments and temporary space build-out design, and 8% of an estimated build back construction amount of NTE $10,000,000 or $800,000 design fee. Autoarch Architects was initially selected through a formal Request for Qualification to provide architectural services for LSC-Kingwood Phase II construction projects.
