Two Programs
• Starting November 11, 2013
• Starting November 18, 2013

Presented by: Lone Star Corporate College – Open Enrollment

Length: 10 Weeks

Classroom: Lone Star College-University Park
Location: 20515 State Highway 249 (at Louetta Rd.)
Houston, TX 77070

Description: Designed to meet the oil and gas industries need for an educated and prepared workforce, Lone Star College offers a Fast-Track Drilling and Exploration Core Skills Certificate Program (DECS). Funded through a Wagner Peyser Grant from the Governor’s Office, the program provides 135 full scholarships and requires entrance priority for veterans, eligible veteran’s spouse and eligible foster youth. This Fast-Track program is 10 weeks of classroom and lab training that will provide entry-level knowledge and skills needed for workers in the drilling and exploration sector of the oil and gas industry.

Qualified candidates who are eligible will be given the opportunity to take the skills assessment test. Scholarship awards will be finalized based on mandated priority and skill assessment scores.

To Apply: Visit LoneStar.edu/DECS

Courses Include:
• Basic Principles of Oil and Gas
• Basic Mechanical Skills
• Introduction to Rig Maintenance
• Electromechanical Systems
• Basic Fluid Power
• Rig Floor Core Skills
• IADC RIG PASS®
• IADC WellCAP® Introduction

Total Hours: 352 Hours
Scholarship Value: $3620.00
