Leadership Management Training Series

“Effective leadership is putting first things first. Effective management is discipline, carrying it out.”
- Steven Covey

An organization’s growth is dependent on the leadership and management skills of its leaders, managers and high potential employees. Lone Star Corporate College offers comprehensive leadership and management programs designed to take an organization to the next level to achieve its business objectives and corporate mission.

The program follows a variety of training paths in leadership and management. Each program consists of multiple modules delivered in half-day sessions.

Leadership: communicating, making decisions, strategic planning and clearly defining a vision.

**Leadership I Series: Communication Foundations**
- DISC
- Achieving Communication Excellence
- Peer Today, Boss Tomorrow
- Coaching

**Leadership II Series: Team Development**
- DISC Management
- Building Effective Teams
- Extraordinary Leaders
- Lead with Integrity
- Dealing with Difficult People

Management: the process of directing and measuring the outcomes of others.

**Management Series: Managing for Excellent Performance**
- Hiring for Best Fit
- Performance Management
- Difficult Conversations
- Conflict Management
- Leading Effective Meetings
- Setting Performance Goals
- How to Conduct a Performance Review
