Friday, July 8

Presented by: Lone Star College

Location: LSC-Health Professions Building
(Conference Room)
17200 Red Oak Dr.
Houston, TX 77090

Meets: 9 a.m. to 12 p.m.

**If You Don't Like My Attitude, Talk to My Brain: Overview of the Management of Common Behavioral Changes after Head Injury**

The purpose of this educational activity is to provide information to the registered nurse about how to manage and respond to the client with behavioral changes after head injuries. This knowledge will facilitate the development of increased competence in caring for a client with head trauma.

**The Increasing Risks of Malignant Melanoma**

The purpose of this educational activity is to provide information to the registered nurse about how to manage clients with an increased risk of malignant melanoma. This knowledge will facilitate the development of increased competence in educating and caring for the client who is at risk for malignant melanoma.

**Immunization: Facts and Fiction**

The purpose of this educational activity is to provide current information to the registered nurse regarding immunization facts. This knowledge will facilitate the development of increased competence in reviewing immunization requirements when working with clients.

**Speakers:** Diane Langston, MSN & Nickie Lofton, MSN, Ed, RN, CMSRN

**Hours:** 3.0  
**Cost:** $30
