LSC Credit and Non-Credit Programs of Study are organized according to nationally recognized career clusters. Each career cluster represents a broad industry and group of occupations that require common knowledge and skills, followed by the LSC Programs of Study offered in each cluster. Each LSC Program of Study degree or certification plan details a recommended sequence of coursework based on a student's interest and career goal. Specific Credit and Non-Credit Program of Study degree plans are available at LoneStar.edu/programs-classes. Credit Programs of Study are designed for students that want to join the workforce and also provide transfer credits to four-year universities for students planning to continue their education to obtain a bachelor's degree. Non-credit programs of study are designed for students that want to obtain career training for immediate employment and generally do not include transferable college credits.
