The Transition to Professional Nursing Program for Articulating Students is a program designed for licensed vocational nurses (LVNs) or paramedics to become a registered nurse (RN).

Lone Star College has agreements with many colleges and universities that allow ADN graduates to earn their BSNs.

If you have a passion for caring for people, the nursing profession might be for you. Supportive faculty and staff are here to help you build a strong foundation for your nursing career. Student experiences include hands on laboratory, classroom, and clinical facility rotations. LSC Nursing Programs offer state of the art simulation equipment and laboratories. Dedication to the program is important as you develop the necessary knowledge and skills for degree completion.

Please note: This is a competitive admission program.

This is an application based program. Students interested in applying to the nursing program should read the latest Nursing program requirements.
