This program is designed for students interested in becoming a registered nurse (RN). The ADN block program curriculum is organized by nursing content areas.

Lone Star College has agreements with many colleges and universities that allow ADN graduates to earn their BSNs. If you have a passion for caring for people, the nursing profession might be for you. Supportive faculty and staff are here to help you build a strong foundation for your nursing career. Student experiences include hands-on laboratory, classroom, and clinical facility rotations. LSC Nursing Programs offer state-of-the-art simulation equipment and laboratories. Dedication to the program is important as you develop the necessary knowledge and skills for degree completion. Please note that this is a competitive admission program.
