Welcome to the LSC-CyFair Branch Library Storytimes:

Our staff here at the LSC-CyFair Branch Library is committed to providing the children of our community with the highest quality of programming that they deserve. Please understand that in order to do so, we ask the following from our parents and attendees to Storytime:

1) In order to provide an enjoyable Storytime, we must limit the number of children allowed in per session. This is to allow for the children to safely move about and for all in attendance to participate in the activity at the end.

2) We also ask that no strollers be taken into the Storytime room.

3) Tickets will be handed out an hour prior to Storytime. You may only receive tickets for your own child / children and they must be present when the tickets are issued.

4) A family may attend one session of one age range Storytime a day. (i.e. One Toddler or one Baby time session per day)

4) Each Storytime is designed around a specific age group. Those older than the posted ages might get bored by the younger stories and those younger than the posted ages may not be able to understand all that is going on. We do offer a few all ages programs to accommodate those families with many different aged children. Tickets are handed out only to the children of the posted age range, however other children in the family may attend as a ‘guest’. We ask that only the children with a tickets participate in any craft activities.

5) We close the doors to Storytime once all the tickets are collected. If tickets are still available, we will allow those who arrive late into Storytime during a break in the stories.

6) During the summer months, please understand that due to the increased numbers, we may not be able to provide a craft or activity at each session. However, stories will always be in abundance.

We would like to thank you for your understanding and your participation in Storytime.

Paula Gonzales - Assistant Director of Children’s Library Services
