“Causes, Repercussions, and Consequences of 9/11” :The terrorist attacks on the World Trade Center and the Pentagon on September 11, 2001 evoked worldwide indignation. This page posts a selection of articles, interpretations and comments on 9/11, its background and its consequences at the world level and in the US. Commentators place the crisis in the context of globalization, US foreign policy, the Middle Eastern crisis and other factors.

GlobalSecurity.org http://www.globalsecurity.org/
GlobalSecurity.org is focused on innovative approaches to the emerging security challenges of the new millennium. The organization seeks to reduce reliance on nuclear weapons and the risk of their use -- both by existing nuclear weapons states and those states seeking to acquire such capabilities. GlobalSecurity.org aims to shift American conventional military forces towards new capabilities aligned with the post-Cold War security environment, and to reduce the worldwide incidence of deadly conflict. The organization is working to improve the capabilities of the American intelligence community to respond to new and emerging threats, reducing the need to resort to the use of force, while enhancing the effectiveness of military forces when needed. GlobalSecurity.org also supports new initiatives utilizing space technology to enhance international peace and security." News, hot topics & documents, special weapons, intelligence, homeland security, and more. Searchable.
