Circulating books – Unless you know a specific title or author, search our catalog using keywords relevant to your topic. You can limit your search to Montgomery College from the drop-down menu, but materials found at other NHMCCD campus libraries and the Montgomery County Library System branches are available for your use as well. With a library card, you can request that these materials be sent to you here at Montgomery College.

Electronic Books – Don’t forget this important resource. You can either refine your initial search by limiting to “electronic books” from the drop-down menu or by selecting Netlibrary from the title list of databases. This electronic collection contains over 1,000 titles when searching using the keyword “psychology”. Limit your search further by using keywords relevant to your topic.
