

History

History students enhance their critical abilities by examining original texts, acquiring research skills, learning to write, and analyzing social, political, economic, and cultural changes over time talents that will serve them well in any employment setting. Although most history students pursue careers in teaching, museum studies, and records management, they can also be found working successfully in medicine, the law, governmental service and business.

Knowledge of history is a key to the future. History is the foundation of virtually all academic disciplines because intellectual progress is based on a critique of traditional assumptions, dogmas, and paradigms. In a series of writing-intensive courses, students develop analytical, verbal, and cultural skills that can be applied to a variety of professional settings.

Students may be eligible for an Associates degree from Lone Star College System after their first two years of study. Please see your Lone Star College advisor to check the requirements or refer to your LSC-Catalog pages 76-77. A maximum of 66 hours may transfer from a community college. The Bachelor of Arts degree may be taken with an approved minor or may be done with no minor. The BA degree requires a minimum of 120 credit hours.

The staff members in the Academic Student Services Office at the LSC-UC at Montgomery assist all students in determining which program of study to pursue. This includes providing information about the variety of programs available, reviewing transcripts to aid in identifying any courses to be completed before entering the program of choice, and serving as liaison between the student and university program representatives. Students who have already earned an associate's degree or have a substantial number of college academic credit hours should contact the Academic Student Services Office for advising and to begin the transfer admission process for the university offering the degree program they desire to pursue.

This brochure was created by the Academic Student Services Office based on information from the partner university.
