What is the LSC-University Center at the Woodlands?

The University Center at The Woodlands is a partnership between Lone Star College and more than 40 programs offered by seven four-year universities operating on-site.

Students who enroll with one of our partner universities at The Woodlands location are able to complete a bachelors, masters, or doctoral degree without traveling to the university campuses. Programs are available during the day, evening and on weekends to accommodate busy schedules.

The partnership between LSC and NAU provides a seamless transfer for Lone Star College students.
