

# Banking and Financial Institutions

Sam Houston State University's College of Business Administration offers students the opportunity to complete the requirements for a Bachelor of Business Administration degree in Banking and Financial Institutions at the University Center. **The upper level business core and a selection of upper level business electives will be offered on a rotational pattern.** Students can take the lower level requirements at any Lone Star College System institution (or other community college or four-year university). The first two years of the BBA program puts the student within a few hours of obtaining the AA degree from a Lone Star College System.

**Please note that all of the junior and senior level courses listed by SHSU course number (e.g., FIN 334, MKT 371, etc.) will be offered at the University Center. To satisfy the six hours of 300- or 400- level FIN electives, select two courses from the upper level FIN electives that will be offered at the University Center (FIN 499— Internship can also be considered with departmental approval).** Students may transfer a maximum of 66 hours from a community college toward a bachelor's degree. Students are required to take at least 42 hours of advanced level courses. Upper level SHSU courses completed at the University Center count toward the residency requirements. Students must also complete at least 30 hours, of which 24 are advanced, from SHSU. The minimum total hours required to complete a BBA in Banking and Financial Institutions is 120.

The staff members in the Academic Student Services Office at the UC assist all students in determining which program of study to pursue. This includes providing information about the variety of programs available, reviewing transcripts to aid in identifying any courses to be completed before entering the program of choice, and serving as liaison between the student and university program representatives. Students who have already earned an associate's degree or have a substantial number of college academic credit hours should contact the Academic Student Services Office for advising and to begin the transfer admission process for the university offering the degree program they desire to pursue.

This brochure was created by the Academic Student Services Office based on information from the partner university.
