

English

The Bachelor of Arts in English encompasses a variety of academic and career goals. Therefore, students with specific objectives should choose a concentration and consult with the English advisor as soon as possible to ensure optimal selection of advanced English electives. A bachelor of arts in English with a concentration in preprofessional studies is appropriate for students seeking a general liberal arts education as a preparation for careers in law, medicine, business, or government.

In order to graduate, students must complete a minimum of 120 semester hours (36 hours must be advanced) with the last 30 hours from UH. A maximum of sixty-six hours may be transferred from a community college. Students must also pass the Writing Proficiency Exam. Students may be eligible for an Associates degree from Lone Star College System after their first two years of study. Please see your Lone Star College advisor to check the requirements or refer to your LSC-Catalog pages 76-77.

The staff members in the Academic Student Services Office at the UC assist all students in determining which program of study to pursue. This includes providing information about the variety of programs available, reviewing transcripts to aid in identifying any courses to be completed before entering the program of choice, and serving as liaison between the student and university program representatives. Students who have already earned an associate's degree or have a substantial number of college academic credit hours should contact the Academic Student Services Office for advising and to begin the transfer admission process for the university offering the degree program they desire to pursue.

This brochure was created by the Academic Student Services Office based on information from the partner university.

For more information, please contact the Academic Student Services Office at the University Center:
