

Houston residents whose homes suffered flood damage:

The Church of Jesus Christ of Latter-day Saints has joined with several other charity organizations to provide volunteers to remove drywall, insulation, flooring, carpeting, furniture, appliances, debris, etc.

This effort is part of the Church's ongoing
"Helping Hands" service to our friends and neighbors.

Our volunteers provide the tools and equipment
necessary to complete the work at no cost or obligation to you.

**Please call: 800-451-1954
or 844-965-1386 to
register and a team will be
assigned to assist.**
