Source: LSCS Data Warehouse files as of Official Day

$^1$ College retention rate is defined as the percent of Fall 2007 students, unduplicated at that college, who return to the same college in Spring 2008.

$^2$ LSCS retention rate is defined as the percent of all Fall 2007 students, unduplicated in the System, who return to any LSCS location in Spring 2008.
