

Living Cost Comparison

Houston offers a low cost of living while maintaining a high quality of life with the amenities expected in a world-class city.

Source: Council for Community and Economic Research (C2ER), *Cost of Living Index*, Q1 2017 (Data based on a survey of 264 urban areas, published May 2017).

*Metro areas represented by most dominant urban area. Riverside, California is among the 20 most populous MSAs, but did not submit COLI data.

- The C2ER *Cost of Living Index* for the Q1 2017 shows Houston has the fourth lowest cost of living among the nation's 20 most populous metropolitan areas. Houston's overall after-taxes living costs are 3.0 percent below the average for all 264 urban areas participating in the survey.
- Among the nation's 20 most populous metro areas, Houston's housing costs are 38.5 percent below the average, and its overall costs are 23.2 percent below the average for this group. Excluding the two most expensive housing markets — New York and San Francisco — which tend to skew the average, Houston's housing costs are still 26.0 percent below the major metro average.
