What is this?

common hepatic duct
What region of the liver is this? Right lobe
What is this?

pancreas
What is this?

Soft palate
What is this?

appendix
What are these?

palatine

tonsils
What are these?

lingual tonsils
What is this? Cystic duct
What region is this, dome part?
What is this? gallbladder
What region is this?
What is this?

Hard palate
What is this?

esophagus
What region of the liver is this? left lobe
What is this? labia
What is this?

**Falciform ligament**
What is this?

labia
What are these?

Palatine tonsils
What is this?

Transverse colon
What is this? Large intestine
What is this?

esophagus
What is this? cecum
What region is this?
What is this? Splenic flexure
What is this? stomach
What is this? hard palate
What are these?

Pharyngeal Tonsils (adenoids)
What is this canal?

Cystic duct
What is this?

Descending colon
What is this canal?

Cystic duct
What is the most distal region?

ileum
What is the most proximal intestinal region?

duodenum
What is this? Sigmoid colon
What is this canal?

common hepatic duct
What is this? Anus
What is this? Rectum
What is this?

pharynx
What is this organ?

Liver
What is this organ?

Pancreas
What is this?

soft palate
What are these canals?

R & L hepatic ducts
What are these?

pharyngeal Tonsils (adenoids)
What region is this?
What is this canal?

Common Hepatic duct
What is this canal?

Pancreatic duct
What is this?

Oral cavity
What is this? *Ascending colon*
What is the middle region?
What is this canal?
What is this? Hepatic flexure
What is this canal?

Common bile duct
What are these? lingual tonsils
What is between the R & L lobes?

Falciform ligament
