LSC Employees:

We have decided to cancel graduation ceremonies scheduled for May 6-9.  We’re looking at CDC and State recommendations in all our planning.  We need to notify the students so they can make other plans with their relatives and friends.  We also have a number of contractual obligations at various venues that need to be cancelled.

We’ll look for an alternative date or a special ceremony in late summer but that depends on the circumstances.

We will work with students for diplomas and certificates.

The news release be sent out tonight.

A reminder that all other college and Foundation events and gatherings are cancelled through the end of semester.
