Does this selfie make my ego look big?

SPCH 1318.5010 (7161) - Interpersonal Communication
TTH 1:30 PM – 2:50 PM

Interpersonal Communication will explore beyond the textbook and examine how pop culture has significant influence over the individual’s perception of the self and others in regards to dyadic communication. Through documentaries, field trips, social media, and other pop culture themes, students will analyze and discuss the influence of pop culture on interpersonal relationships and the implications to other significant course concepts including, but not limited to, stereotypes, empathy, and deception.
