The Financial Aid Shopping Sheet

Lone Star College knows that students face a difficult task in deciding where to enroll for higher education, and that understanding the cost of college—and how to pay for it—can be daunting. Too often, students are left without a clear explanation of what the costs mean or how they compare to other colleges they are considering, and as a result, many students leave college with debt that they didn’t fully understand at the time they entered school.

Lone Star College is committed to ensuring that our prospective students are aware of the financial investment they are making from the beginning of their program; therefore, we have adopted the Financial Aid Shopping Sheet to help provide students with the information they need to make an informed decision regarding their post-secondary education. The Financial Aid Shopping Sheet represents our commitment to increasing the quality of information provided to our students, and allows students to see simplified financial aid information in a standardized format from all institutions of higher education that are adhering to the Principles of Excellence outlined in the Executive Order 13607 and at the recommendation of the Department of Education.

The Shopping Sheet is available in the myLoneStar student portal.
