
RN-BSN Program Highlights

- The year-long curriculum consists of 31 credit hours.
- On-campus and web-enhanced enrollment options are available.
- Spring and Summer term admission.
- Financial aid and scholarships are available.
- Earn graduate credits while enrolled (terms apply).

The Early Decision Option at UTHealth

Through the Early Decision program Lonestar College System students earning their Associates Degree in Nursing can begin a seamless transition into the UTHealth School of Nursing's RN-to-BSN program. Eligible students can apply before graduation and receive early notification of admission to UTHealth up to one year in advance.

Eligibility Requirements:

- Currently enrolled in the A.D.N at LSC
- 3.0 or higher nursing GPA
- Approved Early Decision form submitted through the LSC nursing department
- Submitted UTHealth online application for admissions and all supporting materials by the Early Decision Option deadline

Students graduating in May, August or December 2016 must apply by October 15, 2015 to be considered for Early Decision admission. Application received by this date will receive priority consideration for Spring and Summer 2017 admission.
