Lone Star College is developing the 2015-2020 Strategic Plan which will chart the course for LSC and focus our efforts in the coming years. The success of this project depends on feedback and recommendations from all members of the LSC community – faculty, staff, students and community stakeholders.

The chancellor has outlined areas of key importance under his leadership - the “LSC Top 5”. The goals and objectives for the 2015-2020 Strategic Plan will flow from the “LSC Top 5” to guide our future efforts and focus:

- **Financial Responsibility & Accountability**
  Ensure sound financial practices that are accountable to taxpayers and fairly allocate budget and resources.

- **Student Success**
  Promote student success by ensuring excellence in teaching, learning, and student-centered support services.

- **Academic & Workforce Program Quality**
  Provide high quality academic and workforce programs that enhance students’ learning experience and prepare them for the 21st century workforce.

- **Partnerships**
  Build strong partnerships with local ISDs, and civic, charitable, higher education, industry, and business organizations to promote student and community success.

- **Culture**
  Nurture a culture that values and respects all employees and encourages collaboration.

Your input on issues that will shape the strategic direction of LSC for the next five years is important and valued. OPEN FORUMS at each college and system office location are scheduled to gather your input and all faculty, staff & students are invited to participate in one of these important sessions:
