Sam Houston State University’s College of Business Administration offers students the opportunity to complete the requirements for a Bachelor of Business Administration degree in Management at the University Center. The upper level business core and a selection of upper level business electives will be offered on a rotational pattern. Students can take the lower level requirements at a Lone Star College System institution (or other community college or four-year university). The first two years of the Management program puts the student within a few hours of obtaining the AA degree from a Lone Star College System.

Please note that all of the junior and senior level courses listed by SHSU course number (e.g., FIN 334, MKT 371, etc.) will be offered at the University Center. The six hours of business at any level can be taken from SHSU or from LSCS. Students may transfer a maximum of 66 hours from a community college toward a bachelor’s degree. Students are required to take at least 42 hours of advanced level courses. Upper level SHSU courses completed at the University Center count toward the residency requirements. Students must also complete at least 30 hours, of which 24 are advanced, from SHSU. The minimum total hours required to complete a BBA in Management is 120.

The Academic Student Services Office of LSC-UC provides preliminary academic advising for all partner universities. This includes providing information about the joint admissions process and serving as liaison between the student and partner university. Students who have already earned an Associate’s degree or have a substantial number of college hours should contact the Academic Student Services Office about making an appointment to speak to a degree specific advisor. We want to ensure that you understand the transfer process as you pursue your educational goals.

For more information, please contact the Academic Student Services Office at the LSC-University Center:
