How to Order/View Your Required Textbooks

Step 1: With a copy of your schedule (accessible via my.lonestar.edu), head to the bookstore website: www.lonestar.bncollege.com. Select your campus from the dropdown menu at the top. Then click on the textbooks tab.

Step 2: Using your schedule, input your course information. Then click on find materials!

Step 3: View Required/Recommended Textbook information for your class. You can continue by selecting the format you prefer. There are New, Used, Rental New, Rental Used, and digital options available for many titles! You may also come across a course where the bookstore has not yet received information from the school. If you would like to order that book as soon as it becomes available you can pre-order for the course. Once you’ve selected your preferences, you can click add to cart!
Step 4: In your cart, you will receive a subtotal for the books and preferences/condition you selected. Please note that we have limited quantities available for the used titles. The bookstore will substitute with new if we do not have used available at the time of your order.

Step 5: If you selected the rental option as a preference, you will be prompted to create an account. If not, you can continue as a guest.
Step 6: Select your shipping preference. You can pick up in store for free or have it shipped to your house.

Step 7: Select Payment Method and Submit your order! Please note, you may pay however you like, although if the rental option is selected the website will prompt you to input credit or debit card information to secure the rental!

Step 8: The bookstore will send you an email confirming your order and any updates as your order is processed!
