4 hours	Component Area Option	Select One ENGL Course, ENGL <u>1302</u> or 2311, AND PHED 1164**			

42 hours Core Completion

Statement on the Texas Common Core from the Texas Higher Education Coordinating Board-additional information available at <http://board.theccb.state.tx.us/apps/TCC/>:

The Texas Common Core, developed by the Texas Higher Education Coordinating Board (THECB), is a 42 semester credit hour core curriculum for all undergraduate students in Texas public higher education institutions. The purpose of the core curriculum is to ensure that Texas undergraduate students enrolled in public institutions of higher education will develop the essential knowledge and skills they need in order to be successful in college, in a career, in their communities, and in life. The core curriculum facilitates the transfer of lower-division course credit among public colleges, universities, and health-related institutions throughout the state.

*Underlined Course Options are currently approved to be taught on the High School Campus, however not all courses will be offered at every HS campus every semester. Offerings are based on significant student need and credentialed HS faculty availability.

**PHED 1164 is required for core completion and is not currently approved as a Dual Credit course. Students will be charged the College Credit rate for tuition and fees. The course will satisfy 1 credit hour in the "Component Area Option" category.
